Your Forum, Your Voice

Come and have your say about how we can support you and the local community.

Through regular quarterly meetings you will be able to work in partnership with our staff and discuss areas which you would like the Children's Centres to work on. Give your opinion on the support which your centre provides to families and work with us to improve your Centre so it meets your needs and requirements.

If you are interested in becoming a member of our Parent's Forum then please speak to your Centre Leader Lindsey on 01268 683361 or contact Sue on 01268 638412.
